Playing In Pool Games.

Stofft Made Some Peculiar Remarks.

Last Game In City Tournament.

Cleveland vs. Akron Expert—Local Sporting News.

H. P. Stofft, the Ohio pool champion made some assertions, while in this city, that do little credit to the men who participated in the Boston tournament.

Stofft told more than one local man that the best player did not get first prize and that the thing was fixed before a game had been played. He said that Long, who finished last, was the superior of any man who took part in the tournament. Stofft claims that the players arranged matters so that each man could get a piece of money on the side.

TOURNAMENT COMPLETED.

The last game in the City Bowling tournament was rolled on the Howard st. alleys Monday night. The Peerless players won two out of three from the Summits. This places the Peerless team in second place and the Summits third. Niehus bowled 227, Pfe 211 and Moore 200 last night. The scores: Peerless: 815, 802, 851. Summits: 832, 803, 840.

MATCH GAME.

Low Laubscher, of Cleveland, and Frank Cohen, proprietor of the Howard st. billiard hall will play a match game on the tables of the last named, Thursday evening. Laubscher has the reputation of being the best combination and bank shot artist in the country.

LAST GAME.

The basket ball season at Kent will close tonight, when the team of that place will play with the Mt. Union College team. The only game lost by the Kents was with the Leoda Hands of Cleveland.

SIMMS MATCHED.

Art Simms has finally succeeded in getting on a match with an Englishman. After his arrival in Johnny Bull's country the men there seemed to have a wholesome regard for Simms' ability with the mallets. Will Curley and Jabez White refused to sign articles for a contest although both indulged in a great deal of talking. When it came time to put up the money neither would toe the scratch.

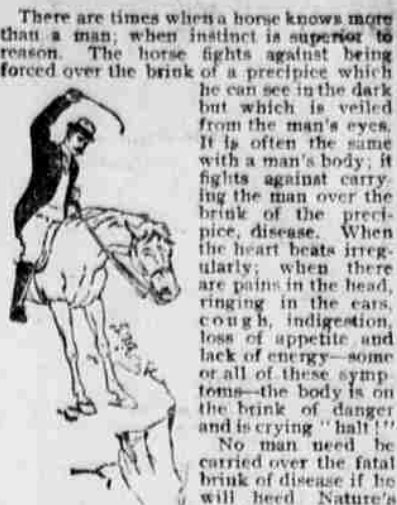

Bill Chester, who is looked on as some potatoes, has agreed to try out the Akron lightweight. He has never distinguished himself and he will undoubtedly be the easiest kind of game for Simms.

MOTZ LEAVES FOR COLUMBUS.

Frank Motz, who is to manage the Columbus base ball team, reported in that city today. He accepted the terms offered to him by the Board of Directors of the team. Motz has his eye on a number of fast players. He proposes to give the Capital City one of the best nines in the League. He is in good condition and will hold down first base.

GUS AND JIM.

If the present plans mapped out by the respective managers of Jeffries and Rubin and the San Francisco fight promoters do not miscarry the heavyweight championship title will be contested for between Jim and Gus on the coast, says Geo. Siler, in the Chicago Record. Billy Madden, who looks after Rubin's interests, writes me he is anxious to have the question of superiority settled as soon as possible, and adds that he is sure of carrying off the honors. San Francisco or any old place where a suitable purse can be secured is good enough for him. All he wants, he writes, is an even break. Nothing definite regarding the contest has been heard from William Brady, Jeffries' manager.

There are times when a horse knows more than a man; when instinct is superior to reason. The horse fights against being forced over the brink of a precipice which he can see in the dark but which is veiled from the man's eyes. It is often the same with a man's body; it fights against carrying the man over the brink of the precipice, disease. When the heart beats irregularly, when there are pains in the head, ringing in the ears, cough, indigestion, loss of appetite, and lack of energy—some or all of these symptoms—the body is on the brink of danger and is crying "halt!" No man need be carried over the fatal brink of disease if he will heed Nature's warning and accept her help. This help is in its most concentrated and perfect form is contained in Dr. Pierce's Golden Medical Discovery. This great alternative extract completely modifies every abnormal condition of the disordered digestive or alimentary functions. It makes the stomach strong, the blood rich and healthy, builds up the nerve centers and so regulates the functions of all the vital organs, that they co-operate perfectly for the health of the entire system. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

Mr. Geo. Winter, of 232 Thompson Street, Philadelphia, Pa., writes: "Some time ago I was terribly run down. Numerous ailments had been coming upon me one by one. I decided to try 'Golden Medical Discovery' and the 'Pleasant Pellets.' The benefit derived was beyond my fondest hopes. I took five bottles of the 'Discovery' and used the 'Pellets' when necessary. During the time of taking the five bottles as directed, I gained in weight 25 pounds, weighing more than ever in my life, bringing me health and strength, and removing these ailments: viz. palpitation of the heart, sleepless nights, pressing and splitting pains in the head, ringing in the ears, with partial deafness and throbbing, nagging cough, indigestion, depression of spirits, loss of energy, constipation, a tired feeling upon rising and through the day, appetite poor, night defective, very nervous, etc. Those golden bottles of 'Discovery' and the 'Pellets' removed all those troubles, and more, and made me as well as fifty as I have ever been in my life."

Men Who Suffer

from loss of nervous force often owe their condition to youthful ignorance—that fearful enemy to health.

It is the business of science to repair the damage caused by thoughtless practices in youth.

Nervous debility never gets well of itself. Its victims drag through a miserable existence, weak, listless, despondent.

Sexine Pills

literally feed the hungry nerves, giving them the precise ingredients demanded by nature. This wonderful remedy cures nervous debility, stops all drains, replaces wasted tissues, sends rich, warm life blood tingling through every part, making every organ act and causing you to glow with health.

A GREAT SEND OFF.

Last evening was the scene of a pleasant surprise party at the home of Mr. and Mrs. Bedur on Lods st. Fifty members of the North End Athletic club assembled to bid farewell to Otto Bedur and James Linnrie. Bedur departs today for Dayton to play ball the coming season with the Interstate League team of that city. Gene Wright, who has also signed with Dayton for the season, was present. The North End Athletic club quartet sang several choice songs during the evening, as did the Mandolin and Guitar club. Refreshments were served. During the evening, Linnrie and Bedur were each presented with a beautiful leather bat bag, containing two league bats, with their names designed in gold on the bat bags. Both boys depart with the best wishes of their many friends.

Given Up to D e With Croup.

Mrs. P. L. Cordier of Manington, Ky., writes: "My three year old girl had a severe case of croup, the doctor said she could not live and I gave her up to die. I went to the store and got a bottle of Foley's Honey and Tar, the first dose gave quick relief and saved her life."

ROUND ABOUT

News and Comment of Exchanges From Near-by Towns.

There is a mail carrier out of Medina, who drives 35 miles a day for 83 cents as paid by the great United States Government, and he is not able to buy as much as a warm dinner at the end of his route in Wadsworth. He has to keep two horses for this job. Yet he is under bond to make his contract good and he has two more years of it.—Medina Gazette.

A crate of eighty Western quail arrived Wednesday and were liberated on the Cuyahoga Game Reserve, a tract of 1500 acres north of the city. These are a little larger than the quail of this section and are brown in color but they are "bob whites" just the same. A number of Belgian hares will be liberated as soon as the weather is favorable.—Ravenna Republican.

Rev. F. M. Green, of Stow, who has been writing a history of Hiram College has completed his task and the copy is now in the hands of the printer. The book will contain about 400 pages.—Hudson Independent.

Last year Geauga county farmers tapped 612,000 maple trees. Most of the syrup produced was sold to wholesale

dealers who put it up in cans and shipped it to all parts of the country. Now the farmers propose to form a trust, pay three cents a tree to raise funds and employ competent men at all the maple syrup centers in the country to take charge of and sell the maple product. It is claimed they can net from 72c to \$1 a gallon, prices much higher than received under the order that has for years been obtained.—Medina Sentinel.

Henry Matti killed a pig last week which dressed 601 lbs. He tried and tried till he got 28 gallons of lard and then didn't try any more.—Randolph Cor. Ravenna Republican.

The little girls in short dresses who are in the habit of meeting big boys and little men on dark streets in the evening ought to be looked after by their parents. Of course every parent who reads this item will say "its not my daughter," but there is where one or two parents will be mistaken. Mothers look after your daughters.—Kent Bulletin.

Wilett Bros. of Shreve have a tomato vine in their greenhouse that has produced tomatoes both summer and winter since 1899. Wednesday of last week 19 ripe tomatoes were taken from the vine.—Holmes County Farmer.

That the Ohio Match Co. can make matches other than the commercial matches is evidenced by the wedding of George Kaufman and Miss Ellice Hartman at the home of the bride on Broad street at noon, Wednesday, March 20. They will reside in Wadsworth.—Wadsworth Cor. Medina Gazette.

The Lodi Review says in last week's paper that Liverpool is the place for drunken sprees, and that they believed it to be the only place in the country that's wet. Now, Brother Bassett, how about Wadsworth which has some four or five saloons, and then just watch the express office for sealed packages marked peaches, etc., and we believe that today there is more whisky drunk in Medina county than there was when we had open saloons. Drug stores do a land office business in that line in all so called dry towns. We do not mean to uphold the saloon but believe in giving the devil his dues.—Lodi Cor. Medina Sentinel.

Last Friday morning Paul, the 4-year-old son of O. D. Bradley, of near Hudson, had one tooth knocked out and his lips cut in a conasting accident. The tooth was found and the boy brought to Kent, where the molar was replaced in its original position by Dr. G. A. Kennedy. The lad exhibited a great deal of bravery in undergoing the operation.—Kent Courier.

Wesley Wait was quietly boiling sap, Saturday evening, when about 8 o'clock an explosion took place. The arch, pan, hot sap and piping flew everyway. One piece of iron hit Mr. Wait, but did not injure him. If, as some suppose, the wood was charged with powder, it is much to be regretted that Brunswick possesses people with such motives. Brunswick Cor. Medina Gazette.

Beware of Ointments for Catarrh That Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials are free. Sold by druggists, price 10c per bottle. Hall's Family Pills are the best.
